

FRAC PLUGS WIRELINE SET - STANDARD FRAC PLUG

The Standard Frac Plug provides an economical means of temporary zone isolation for fracturing or other treatments. The plug can be set on different types of wireline pressure setting tools.

The Standard Frac Plug is supplied with a shear ring to give an accurate and secure set. Also supplied is a ball that will seat on the top of Frac Plug during a fracturing operation. This plug sustains moderate pressures and temperatures.

Features:

- Electric wireline set
- Drillable
- Cast iron construction
- One piece slips - hardened to depth of wicker only
- Sets in any grade casing including P-110
- Bottom set with shear ring
- For temporary or permanent service
- Ratcheting lock ring holds setting force
- Small ODs for speed and safety when running

FRAC PLUG
